2. Link your license to an account

Go to the mail from JetBrains Sales and click the link to link the license to an account.

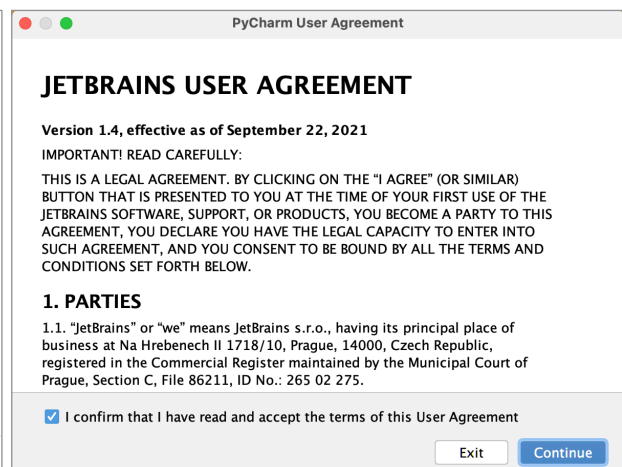

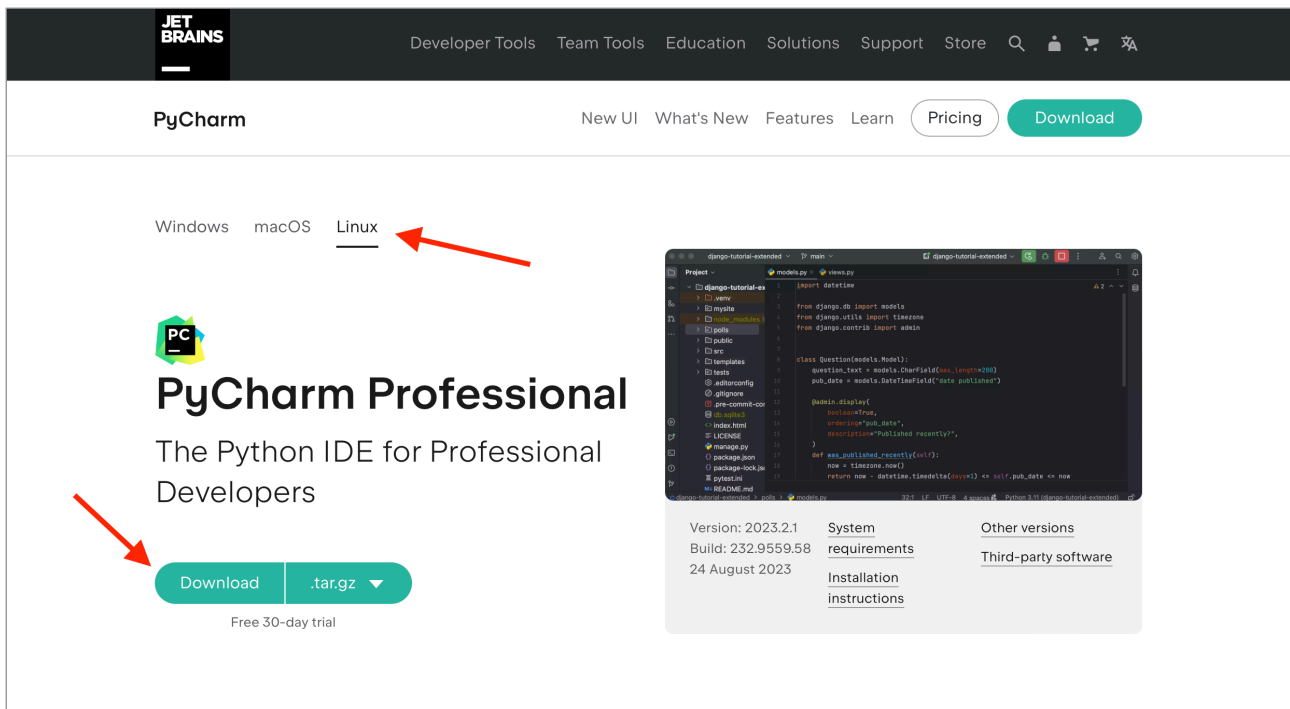

3. Check your license

Log into your account and choose licenses from the menu. Go to the PyCharm product page.

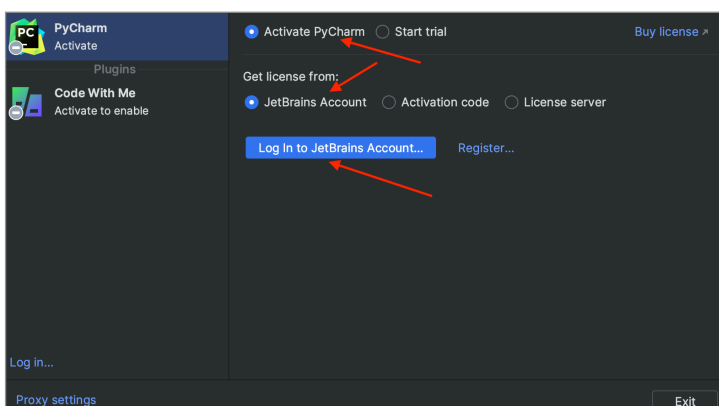

4. Install PyCharm

Choose your OS and click download. Follow the installation instructions. Agree to the User Agreement on the first start.

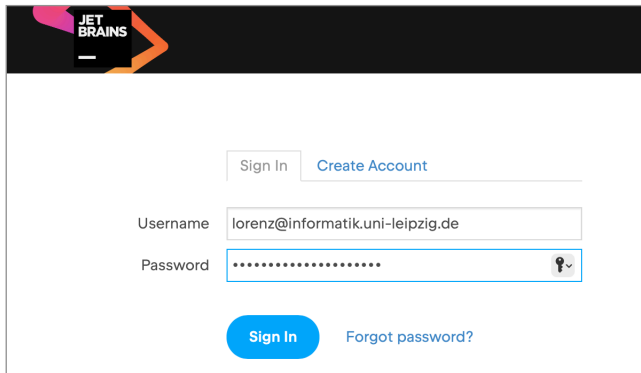

5. Activate your license

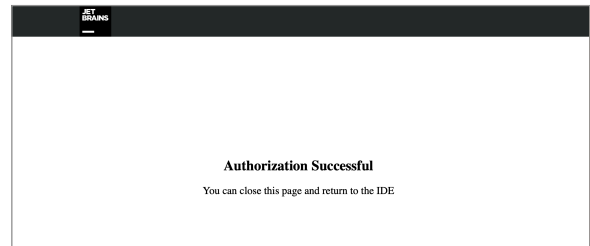

Select *Activate PyCharm* choose *Get license from ... JetBrains Account*. Click *Log In to JetBrains Account ...*

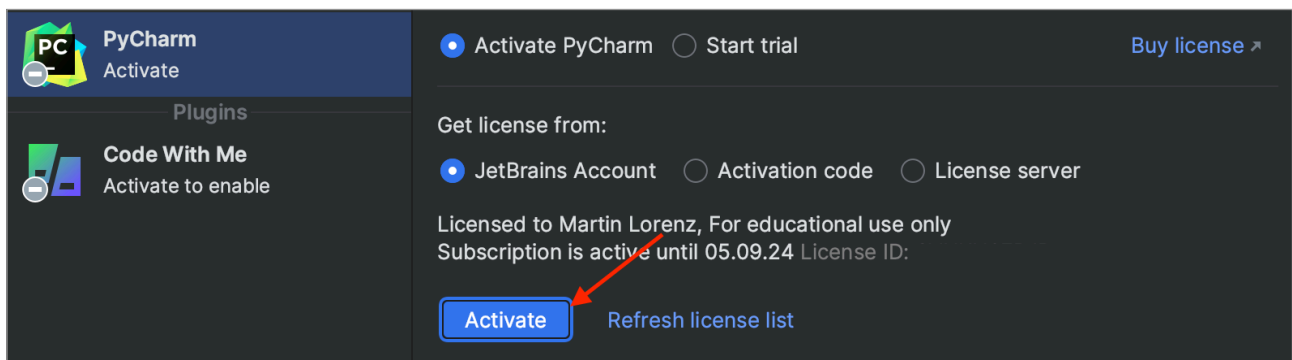

Enter the credentials for your JetBrains Account.

The image shows the JetBrains Account login page. At the top left is the JetBrains logo. Below it, there are two tabs: 'Sign In' (selected) and 'Create Account'. The 'Sign In' tab contains a 'Username' field with the email 'lorenz@informatik.uni-leipzig.de' and a 'Password' field with masked characters. Below the password field is a 'Sign In' button and a 'Forgot password?' link.

Activate your license in PyCharm

6. You are done!
